

Let Your Suit Reflect Your Personality

Let it be a true expression of your tastes and ideas, not the fantastic expression of someone wholly unacquainted with your needs, or some poor imitation of Fashion's newest pronouncements.

Let your choice be a Printzess. Select a suit that in style, in color, in material is just what you want--let our garment saleswomen assist you in choosing the one most becoming to you. Your range of choice is wide--and you'll find particularly pleasing the way in which Printzess have adapted styles in vogue in foreign style centers to American requirements.

We help you to make the right selection and we have right prices too.

BAD PRAIRIE FIRE IN DICKENS SECTION

A very disastrous prairie fire five miles wide started north of Wallace Wednesday morning at eight o'clock and spread with the strong wind into Dickens precinct where the loss of hay, cattle and other property will amount to several thousand dollars. The active work of the citizens of Dickens and the fire guards near the town saved it from total destruction.

After the fire started the wind increased in velocity and the women and children fled to a fire proof building near the Dickens bank for safety.

Among the unfortunate people who had losses are John Wilson, whose corn and buildings were valued at \$1,000. A new \$1,500 barn recently completed on the Jake Wagner place was burned, also a new wind mill and hay amounting in all to \$2,900. Thos. Griffith was burned while fighting the flames and for a time his recovery was doubtful. At present he is resting easy. J. Demode's eyes were so affected by the smoke that their condition was thought serious. George Griffith was also among those whose stock, grain, barn and out buildings valued at \$1,000 were damaged. The cat le loss on the Gus Latimer place is reported to have been heavy.

Dairymen to Meet

At the request of some of the dairymen about North Platte a meeting of the dairymen and everyone interested in milking cows is to be held at the Farmers' Exchange room at 2:00 p. m. Friday, March 31. Either Professor J. H. Frandsen or Professor E. G. Woodward, of the university, will be present to discuss any problems relating to milk production that the people present are interested in. We trust that you will inform all of your customers concerning this meeting and urge them to be present. The speaker will be able to give them the most up-to-date information on any problem that comes up in the dairying work whether in relation to the cows, care of the milk and separator or other problems.

In speaking of this meeting, Supt. Snyder, of the experimental sub-station says: "I can guarantee that the man who comes to discuss dairy questions will bring the most up-to-date information on any problem of dairying that the people present may be interested in. It is an opportunity for every man milking cows to clear up a lot of problems that have been bothering them."

Sues for Divorce

Amos Ross filed his petition in the district court Tuesday praying for a divorce from Zora Ross, charging her with desertion and infidelity. The petition states they were married five years ago and have since lived in Lincoln county. The plaintiff claims that during his absence from town the defendant associated with men and women of ill-repute; that he found cigar ashes and stubs in a cup in which he kept his collar buttons, and that Zora refused to explain the presence of said ashes and stubs. He further avers that Zora became so disagreeable that they were forced to move from one neighborhood to another in order to avoid trouble, and finally on November 15th, 1915, she deserted him.

Assessors Hold Meeting

Forty of the forty-four assessors of the county met in annual session at the court house Monday for the purpose of discussing real estate values, this being the year when an assessment of real estate is made. The assessment of personal property was also discussed at length, particularly the assessed value of cattle and horses. The conclusions arrived at will probably result in a more uniform value being placed on both real and personal property.

Create New Precinct

The county commissioners have granted the request of fifty-two voters that a new precinct be created from the territory adjoining the city limits on the north, south, east and west and legally described as to "include all that land lying between the North and South Platte rivers and east of the west section lines of sections 20, 29 and 32, town 14, range 30, and section 5, town 13, range 30, not included in the corporate limits of the city of North Platte." The new precinct will be known as East Himman.

Lerk Candidate for Council

A petition is being circulated placing Charles Lerk in nomination for councilman in the Fourth ward. Mr. Lerk is one of our leading business men, has lived in the city all his life, is progressive, and would certainly make an ideal councilman. The Fourth ward will be well represented in the governing body of the city if they elect Mr. Lerk a member thereof.

A number of the local members of the Masonic lodge will attend the Shrine and banquet which will be held in Omaha this evening.

Every Dollar Expended For Lumber Is Well Invested

The buildings you construct with the lumber you buy, mean not only economy in the conservation of crops, machinery and stock, but add to the equipment and value of the farm.

Lumber purchased for repairs, is an especially wise purchase, as its use prevents the buildings from deteriorating in value and usefulness.
